

Sports Surface and Play Area Cleaning

Does your MUGA or play area require cleaning?

We can fix that

- using the most up-to-date equipment
- by removing moss and algae from all surfaces
- with a combination of mechanical brushing and high pressure wash systems
- and is suitable for all hard and porous surfaces

How we do it

- Self contained trailer unit
- 1000 litre IBC - we bring the water to site
- Terrazzo revolving brush
- 3500 psi pump, turbo jet and Whirlaway cleaner

Graffiti Removal

- graffiti removed from all surfaces with specialised products
- operator trained in all health & safety and environmental management
